

JEOL NMR Technical Symposium

04th September from 10:00 to 11:30

University of Florence

Building D4, via delle Pandette 35, Florence

51st National Congress on Magnetic Resonance

NMR Metabolomics Approach to Investigate diverse Food Aspect

Dr. Giacomo Di Matteo

Sapienza Università di Roma — Dipartimento di Chimica e Tecnologie del Farmaco

Advanced Processing Tools in JASON: Reference Deconvolution and DOSY

Dr. Iain Day

JEOL UK Ltd — Senior Project Manager

The quantification of secoiridoids in extra virgin olive oils by means of high resolution 1H NMR spectroscopy for quality assessment and authenticity

Prof. ssa Valentina Domenici

Università di Pisa — Dipartimento di Chimica e Chimica Industriale

Setting up NMR for automation

Dr. Adolfo Botana

JEOL UK Ltd — Assistant General Manager, NMR Applications
